

Final call for paper

2020 International Topical Meeting on Microwave Photonics

MWP2020

MWP2020

November 24-26, 2020. Virtual Conference

Submission deadline : September 11, 2020

<https://www.mwp2020.org>

Conference Scope:

- RoF for 5G and beyond mobile data and terrestrial communication systems
- Integrated MWP devices
- Advanced signal processing techniques
- MWP sensing technology
- THz device technology and system applications
- Optical wireless transmission systems and applications
- High-speed MWP signal generators and modulators
- High-speed photomixers and optoelectronic converters
- Novel device technologies for emerging systems
